Text: *Genesis 3:20-21*

Title: *God's Gracious Provision!*

Central Truth: In spite of Adam's sin, life would continue on through God's gracious intervention.

I. v. 20: The Confidence of Adam

Tucked in between two sections of God's activity, we are given this account of Adam naming his "wife". He gave her the name **Eve** (Hebrew - *hawwa*) which means living or life giver, life producer. Adam realized that through Eve all human life would have its source. Despite the sentence of death (*c.f. Genesis 3:19*) Adam believed God! In an act of faith Adam trusted God to bring forth a deliverer!

II. v. 21: The Covering From God

KJV - **coats**, NASB & NIV - **garments, tunics** - The word translated here is the same one used in Genesis 37:3 where Father Jacob gave Joseph a "coat" of many colors. **Skins** - This word refers to animal skins! In a futile attempt to fix things Adam and Eve made man-made coverings. God graciously produces them a covering. The implication is that God provided clothing of animal skins by killing at least one animal.
